Beekeepers **must** log onto the BeeWhere program website to enter colony location information.

Following your initial registration with Imperial County, a web user ID will be created using the information entered above so that you can access the BeeWhere program website.

BeeWhere program website: <http://beewhere.calagpermits.org>

Unless you choose "None" as your notification preference, this form acts as an official request for notification of pesticide applications as provided for in the California Food and Agricultural Code (FAC) section 29101 and Title 3 of the California Code of Regulations (3CCR) section 6654.

Apiary registrations **expire December 31** of each year and should be renewed January 1 of the following year.

A mandatory annual **registration fee of \$10** must accompany this registration.

Checks should be made out to "Imperial County".

"I understand that if I fail to update the locations of any apiaries in the BeeWhere program website within the 72-hour period after relocating (FAC 29070.5), I may not be entitled to recover damages for any injury from pest control operators. I also will not recover damages if I fail to properly identify my apiaries pursuant to FAC section 29046 or I am not available for notification at the hours I have indicated."
